

Call for Posters
BIAPA 2025 Annual Conference
June 30 - July 1, 2025
SUBMISSION DEADLINE:
Monday, December 2, 2024

You are invited to submit a Poster Proposal. This year's theme is:

Celebrating an Empowered Brain Injury Community: A Conference for Survivors, Care Partners, and Professionals

The Brain Injury Association of Pennsylvania (BIAPA) has been holding an Annual Conference for over two decades and it is typically attended by 300 or more people. Among the annual brain injury conferences held across the country, BIAPA's Annual Conference has been recognized for its commitment to designing and offering a conference with content for survivors of brain injuries, their family members and care partners, as well as the multidisciplinary practitioners, researchers, educators, and students who make up this ever-emerging field. This inclusive conference provides opportunities for networking and communication among all stakeholders, as needed to advance the field. The Annual Conference is an important part of BIAPA's mission to foster a community of education, advocacy, support, and research to maximize the quality of life for individuals with brain injuries, their families, and their communities.

In addition to the presentations at the conference, posters are another excellent way to share your expertise and contribute to advances in the field of brain injury rehabilitation overall, and to support BIAPA. Professionals attending the conference typically include certified brain injury specialists, occupational therapists, physical therapists, speech therapists, social workers, nurses, psychologists, therapeutic recreation specialists, vocational rehabilitation counselors, cognitive rehabilitation therapists, physicians, case managers, personal care home administrators, individuals with interest in alternative treatments, and representatives from various fields of health care. Many survivors and their family members, significant others, and caregivers attend the conference and have expressed interest in seeing posters related to their current and future needs. Posters can be authored by one or more individuals, and poster proposals jointly submitted by survivors and professionals are encouraged.

In response to the validation expressed by past attendees of the knowledge gained from viewing the posters, the Conference Committee is planning to highlight the posters in new ways at the 2025 Annual Conference. All poster authors will receive a Certificate of Appreciation from BIAPA.

In advance of the conference, anonymous/undisclosed raters will review all the posters using a rating tool approved by the Conference Committee. At the conclusion of the conference, the Conference Committee co-chairs will recognize all the posters and will announce the poster with the highest score based on the ratings. We encourage you to submit a poster proposal, as we hope to enlarge this educational aspect of the Annual Conference. We encourage posters in the following categories:

- Clinical Information and Innovative Practices
- Research (Completed or Current)
- Family and Caregiver Issues
- Advocacy and Support
- Community Inclusion

General Information:

- The conference is scheduled for two days in order to provide extensive knowledge and a significant number of continuing education units. The dates for the 2025 Annual Conference are Monday, June 30, and Tuesday, July 1, 2025.
- The conference will be held at the Lancaster Marriott & Convention Center in Lancaster, PA.
- The posters will be displayed in highly visible locations, and the conference schedule will include specific times to visit the poster displays.
- Handouts are optional for posters. Copies of the handout(s) must be supplied by the poster author(s) and be available at the poster display.
- **Complete poster proposals must be received by 5:00 p.m. on Monday, December 2, 2024. For your convenience, the proposal format is a fillable PDF.** Poster authors will be notified by February 1, 2025, if their proposal has been accepted.

Poster Proposal Submission Guidelines:

- Posters must be no larger than 36" X 48".
- Posters must be mounted on sturdy foam or thick cardboard and be able to be placed on an easel. An easel for each poster will be provided at the conference.
- Individual or co-authored poster proposals may be submitted. Proposals co-authored by professionals and persons with brain injury or their care partners are encouraged.
- Individuals or groups may submit more than one poster proposal, but a separate proposal must be completed for each poster.
- Submission of a proposal does not guarantee that your poster will be selected. The Conference Committee reserves the right to make final poster selections.
- Poster authors must be careful to use disability-sensitive language throughout their poster (e.g., using "person first" terminology and avoiding stereotypes).
- **Posters may NOT promote a specific company, product, or service. Marketing is prohibited.**
- Poster authors who are selected for the 2025 Annual Conference agree to abide by **ALL** deadlines established by the Conference Committee.

Poster Selection Guidelines/Criteria:

- Posters should reflect the conference theme and address at least one of the many suggested topics listed below.
- The poster will describe knowledge, strategies, and skills that can be applied immediately or that will enhance brain injury rehabilitation or research.
- The quality of the content and the visual presentation will meet professional standards.

CONFLICT OF INTEREST/DISCLOSURE FORM

The potential for conflicts of interest exists when an individual has the ability to control or influence the content of an educational activity and has a financial relationship with a commercial interest*, the products or services of which are pertinent to the content of the educational activity.

***Commercial interest** is any entity producing, marketing, reselling, or distributing healthcare goods or services consumed by or used on patients, or an entity that is owned or controlled by an entity that produces, markets, resells, or distributes healthcare goods or services consumed by or used on patients. Commercial Interest Organizations may be ineligible to present.

An organization is NOT a **Commercial Interest Organization** if it is:

- A government entity;
- A non-profit (503(c)) organization;
- A provider of clinical services directly to patients, including but not limited to hospitals, health care agencies and independent health care practitioners;
- An entity the sole purpose of which is to improve or support the delivery of health care to patients, including but not limited to providers or developers of electronic health information systems, database systems, and quality improvement systems;
- A non-healthcare related entity whose primary mission is not producing, marketing or selling or distributing health care goods or services consumed by or used on patients.
- Liability insurance providers
- Health insurance providers
- Group medical practices
- Acute care hospitals (for profit and not for profit)
- Rehabilitation centers (for profit and not for profit)
- Nursing homes (for profit and not for profit)
- Blood banks
- Diagnostic laboratories

Reference: Accreditation Council for Continuing Medical Education (ACCME) Standards of Commercial Support, August 2007 (www.accme.org) - ANCC's definition is intended to ensure compliance with Food and Drug Administration Guidance on Industry-Supported Scientific and Educational Activities and consistency with the ACCME definition

All individuals who have the ability to control or influence the content of an educational activity must disclose all financial or non-financial **relevant relationships**** with any commercial interest, including but not limited to members of the Conference Committee, speakers, presenters, authors, and/or content reviewers. Relevant relationships must be disclosed to the learners during the time when the relationship is in effect and for 12 months afterward. All information disclosed must be shared with the participants/learners prior to the start of the educational activity.

****Relevant relationships** are relationships with a commercial interest if the products or services of the commercial interest are related to the content of the educational activity.

- Relationships with any commercial interest of the individual's spouse/partner may be relevant relationships and must be reported, evaluated, and resolved.
- Evidence of a relevant relationship with a commercial interest may include, but is not limited to, receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (stock and stock options, excluding diversified mutual funds), grants, contracts, or other financial benefit directly or indirectly from the commercial interest.

- Financial benefits may be associated with employment, management positions, independent contractor relationships, other contractual relationships, consulting, speaking, teaching, membership on an advisory committee or review panel, board membership, and other activities from which remuneration is received or expected from the commercial interest.

Is there an actual, potential, or perceived conflict of interest for yourself or spouse/partner?

Yes No

If yes, complete the questions below for all actual, potential, or perceived conflicts of interest:
